# POSTSCRIPT

They were asked to have scenes of the Nanguangfang Tianchen Show.

At first, Tandoshikoji was a very unremarkable person, but later, in order to establish character personality,

I started looking into the art of the show, and gradually I started to see him.

Inflated and forced to carry the Filipino name of "kill, kill and clean," many of the most insatiable conventionalities.

Being asked to do things that can't be done, being manipulated from an early age by the torrents of the Big Time.

If he can find a way against his destiny

Being treated as a hero by Hideyoshi Yomotomi is so good that he takes the shadowy life of a dog as he turns around

The dirty old Jipu, that's great!

The important thing is...It's not as if I've kissed someone so much.

Since I was going to depict the Quake-Albanian National Highway from the beginning,

With the founding of the kanyo with Afghanistan, there are also some kanyo who are a couple-

And he's a homeboy from Urao's hometown, a gun expert, a known kabuki dancer

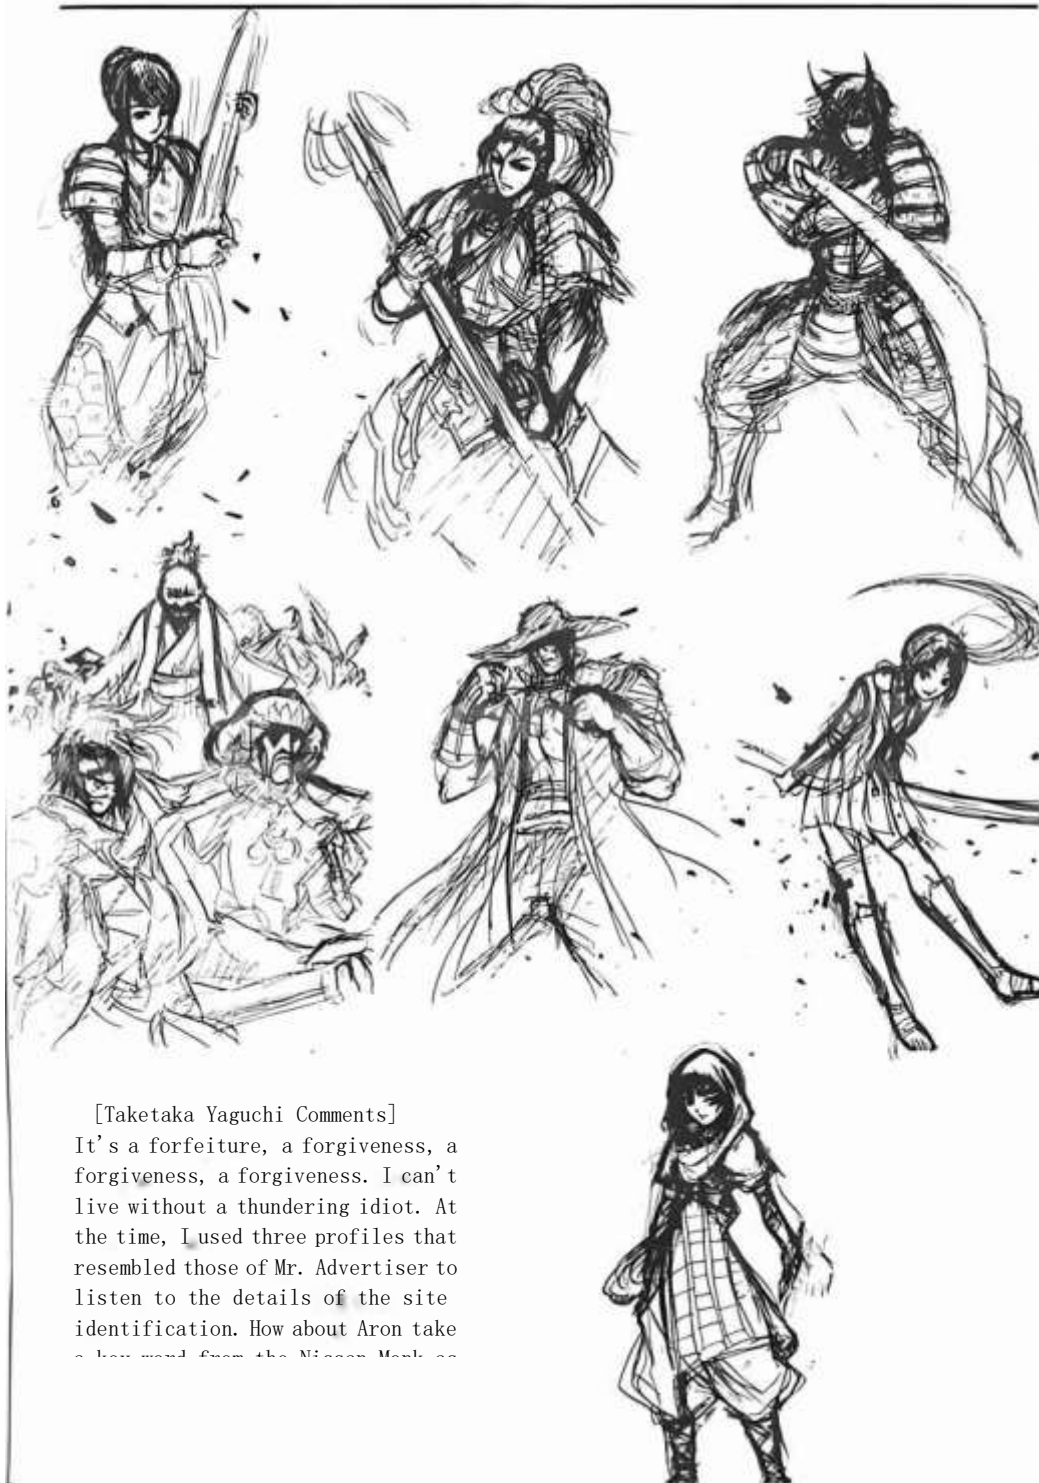

He is famous for all this.

It was only recently discovered that after his death, Mr. Yamazaburo appeared to have done something under Mr. Hidetsugi.

"If it's a sign, why don't you put the story in?"I've been thinking about it for a while.
